Mr. Joshua Marx
Regulatory Project Manager
U.S. Army Corps of Engineers
Kansas City Regulatory Office
402 Federal Building,
601 East 12th Street
Kansas City MO 64106-2896

Dear Mr. Marx,

I am asking for the Corps of Engineers to conduct a formal environmental impact study for the BNSF Intermodal project. My family lives in Spring Hill, Kansas close to the intersection of 199th and 169 Highway. We understand that growth is important to the ecomonic future of Kansas and the metropolitan area but feel that every project of this size comes with a cost. A cost that can not be measured in dollars and cents.

We moved to Spring Hill for the small rural atmosphere, quality of life and safe environment. I am asking for our government to look at the big picture and conduct a study of the entire area.

Thank you for your time.

Dr. Ed and Mrs Del Lovitt
