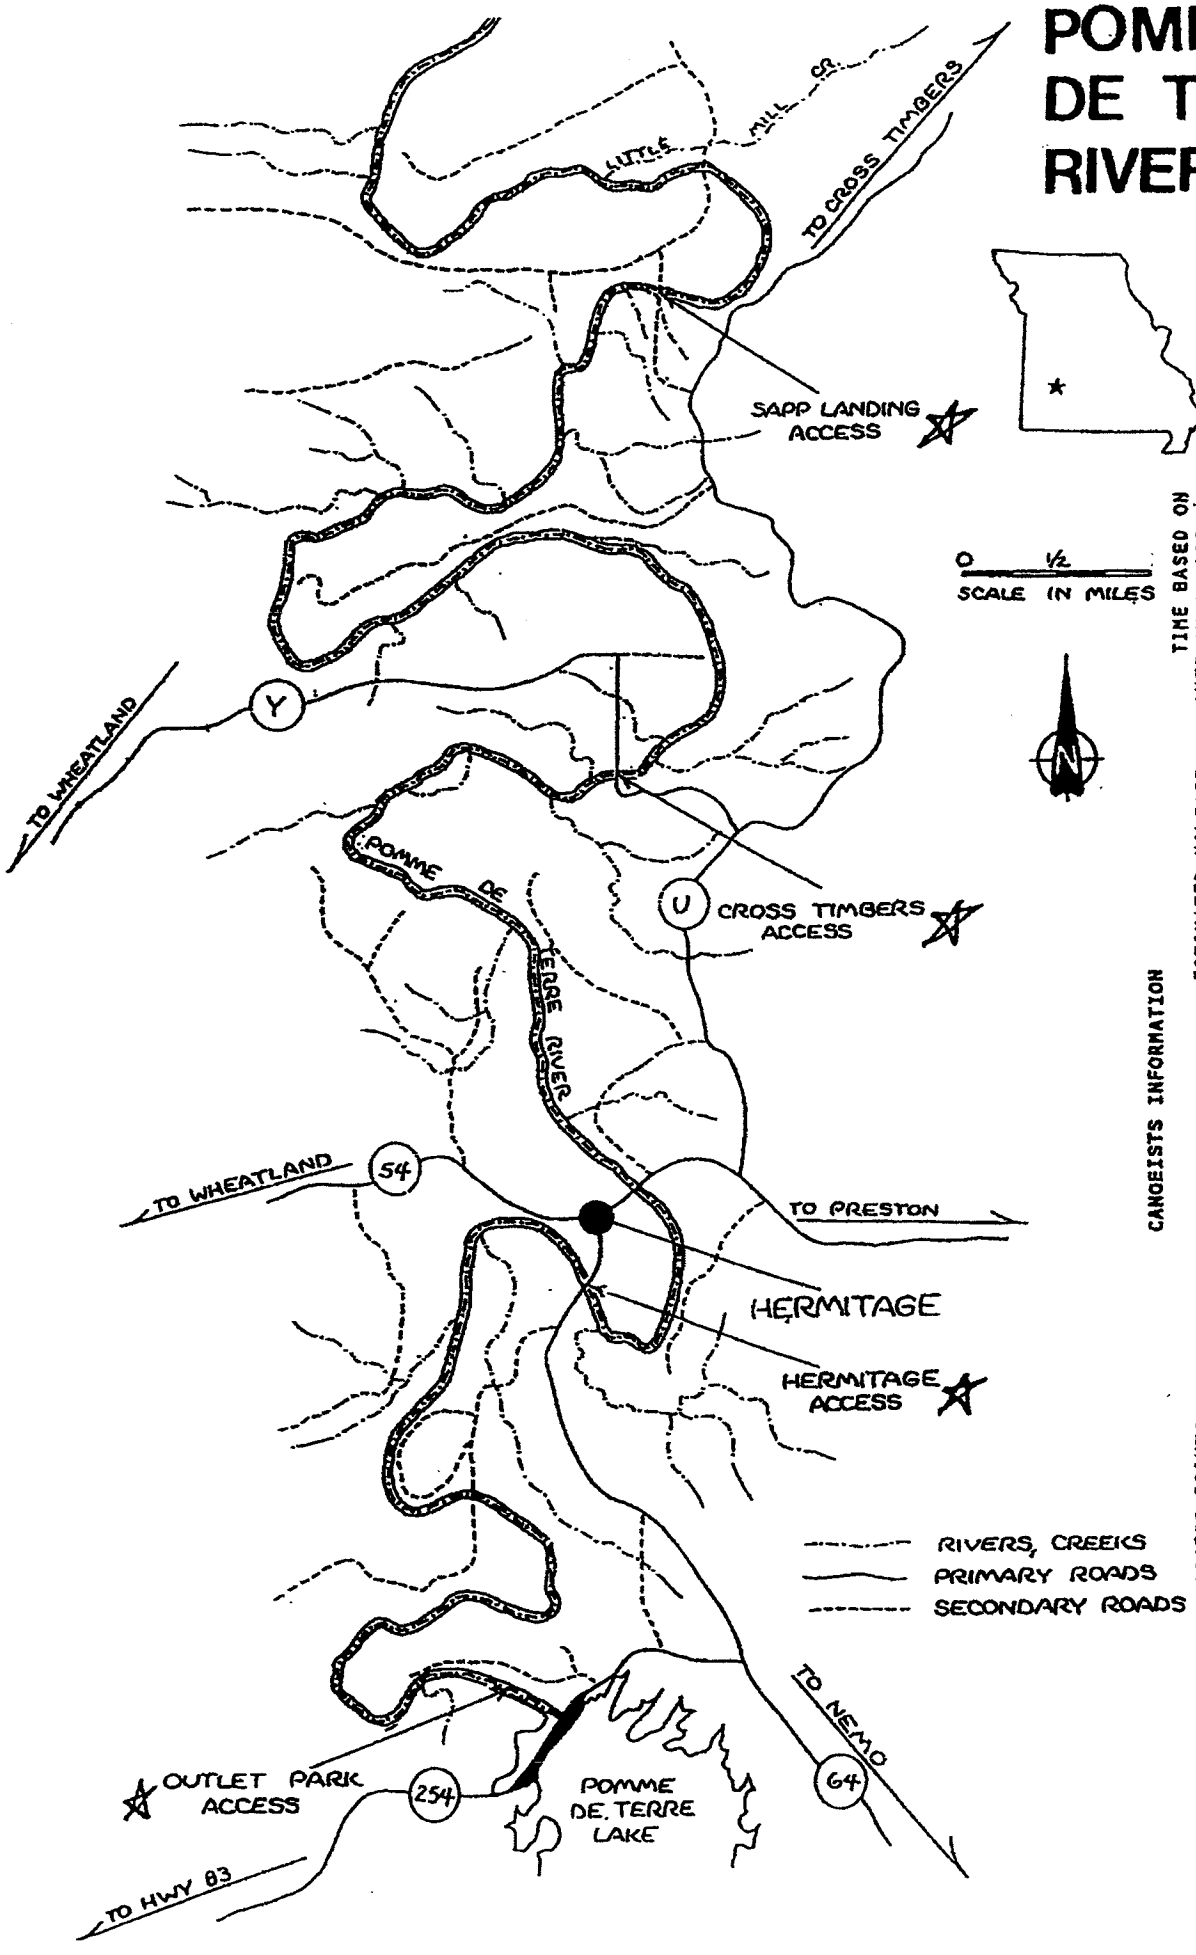
POMME DE TERRE RIVER



CANOEISTS INFORMATION

ACCESS POINTS	ESTIMATED MILEAGE	TIME BASED ON OUTFLOW OF 100 CFS
Dam Area to Hermitage Access	4 1/2 miles	5 hours
Hermitage Access to Cross Timbers Access	5 miles	5-6 hours
Cross Timbers Access to Sapp Landing Access	6 miles	6-7 hours
Sapp Landing Access to Truman Lake	4 1/2 miles	4 hours

Time is based on a minimum release to the river of 100 cubic feet per second for unexperienced canoeists. Experienced canoeists could probably cut the float time by one third depending upon the outflow release.
