**NOTICE OF AVAILABILITY**

An Environmental Assessment titled Saline-Lafayette Levee District, Non -Federal, Emergency Levee Rehabilitation Project, and a draft Finding of No Significant Impact (FONSI) prepared by the U.S. Army Corps of Engineers, Kansas City, are available for your review on the project's website at: [http:// www.nwk.usace.army.mil](http://www.nwk.usace.army.mil).

The Kansas City District - U.S. Army Corps of Engineers (CENWK), in cooperation with the project sponsors, Saline-Lafayette Levee District, propose to construct the Saline-Lafayette Levee District Levee Rehabilitation Project under the authority of Public Law 84-99, of the Flood Control Act of 1944. Under this authority, the Corps of Engineers can provide assistance to public agencies in responding to flood emergencies such as the rehabilitation of flood control works damaged or destroyed by floods.

The project area is located in Saline County, Missouri along the right descending bank of the Missouri River, between river miles 292.0 to 278.2. The proposed project would involve repair to severe toe slope erosion with landward levee setbacks, in-place repairs, which include excavation and repairs to drainage structures and disturbed area backfill, and re-seeding of riverside slopes. Repairs are required as a result of the flood event declared on 6 May 2007.

Copies of the EA and the draft FONSI are also available by contacting Mr. Matthew D. Vandenberg; U.S. Army Corps of Engineers; PM-PR, 601 E. 12<sup>th</sup> St, Kansas City, Missouri, 64106; to request a copy in writing, at (816-) 389-3146 to request a copy by phone, or at [matthew.d.vandenberg@usace.army.mil](mailto:matthew.d.vandenberg@usace.army.mil) to request a copy by e-mail.

The public review and comment period for the EA and draft FONSI will end 30 days from the date of this letter.

Sincerely,

for 

David L. Combs  
Chief, Planning Branch
