

## A Partnership:

- **is a handshake, not a hand out.**
- **is a part of our culture.**
- **combines individual strengths to accomplish the mission.**
- **fosters relationships, common goals and working together.**
- **builds constituency and broad-base community support.**
- **leverages resources to meet challenges and improve opportunities.**

Partnerships are a smart way of doing business.

## **Our Partnership Philosophy**

**The U.S. Army Corps of Engineers plays a key role in shaping the future of our Nation's water resources. Our partners are essential in making this happen. We recognize that partnerships must flow in both directions. Cooperation and collaboration is the key to innovative solutions to meet a diversity of needs. When we put our heads together, we can find answers far better than anything we can think of by ourselves.**
