Hello:

My name is Debbie Gardner. My husband (Mike) and I live at 32230 West Hwy 56, just outside of Gardner, KS. We live across the street from the junk yard that is there now. My mother lives next door to us (we both have grey houses) and my aunt lives West of my mother in the white house.

We have heard the rumors that a warehouse district is suppose to buy us out to put in a warehouse district. We have also heard that a Trucking Company wants our land to put in their trucks and storage buildings.

My question to you is: How will this affect us (if any)? And if so, when will anything be done and what will be done?

Please respond as soon as you can to this, I am tired of hearing rumors as to what is going to happen.

Thank you for your time,

Debbie S. Gardner
