US Army Corps of Engineers

Kansas City District . . .

A great place to live and work

With more than 165,000 square miles of district operations the Kansas City District is a diverse organization offering a challenging and unique place to live and work.

The district provides comprehensive engineering, management and technical support to the Department of Defense, other federal agencies and state and local governments.

The highly trained staff of more than 900 civilian and military members face challenging assignments ranging from managing flood control projects to re-establishing wetlands to cleaning up hazardous and toxic waste sites.

The district helps defend America's security - militarily, economically and environmentally.

The district's civil works boundaries span across parts of Colorado, Iowa, Kansas, Missouri and Nebraska. The district is also responsible for all military construction in Missouri and Kansas.

Seven states rely on the expertise of the district to manage Hazardous, Toxic and Radiological Waste cleanup.

Careers are yours to build at the Kansas City District. The district is continually seeking to fill a wide variety of professional, technical, administrative and blue-collar positions. You will build your career in one of the Midwest's true treasures, Kansas City. The city is an eclectic collection of skyscrapers, swinging jazz, fantastic steaks and

barbecue and the best shopping anywhere. Known as the "Heart of America", the city is located within 250 miles of both the geographic and population centers of the nation. Housing is very affordable and a wide range of apartment, condo and

single-family housing exists. District employees live throughout the metro and outlying areas. Educational opportunities abound in the area. The University of Missouri Kansas City and the University of Kansas offer classes in the area, along with a host of highly regarded private colleges. From a challenging work environment built around teamwork to great shopping and dining, the Kansas City District has it all.

Questions . . .

We have answers

Do I have to join the Army?

No! While the Corps is part of the Army, 98 percent of our team are civilians. The leader of the Kansas City District is an active duty colonel in the Army. He is supported by civilians at the senior management level. This creates a strong and vibrant leadership within the district.

I'm still in school, are there opportunities for me?

The district has various opportunities for students with a desire to gain professional experience while working part time during school for a semester or during school breaks.

Do you have internships?

Yes! Graduating students in science, engineering and administrative fields should consider applying for fulltime positions with the Kansas City District.

Our family

The U.S. Army Corps of Engineers family consists of more than 35,000 civilian and 650 military men and women nationwide. Our diverse workforce offers a tremendous resource for professional and personal enrichment. The district has a variety of non-work activities available for participation. Every summer, the district hosts an awards celebration and all-day picnic for the workforce and their families. Those with a desire to compete athletically can participate in Kansas City Corporate Challenge. Opportunities are also available to give back to the community with the district's Day of Caring.
