Corp, community partner to clean up federal lands at Hillsdale

Paola residents can help Rangers beautify the Hidden Spring Nature Trail at Hillsdale Lake Forest during National Public Lands Day, Sept. 20.

Projects planned for the day include creating a new trailhead flower box, constructing steps along two sections of the trail, pruning of vegetation, adding gravel to sections of the trail, and the application of wood preservative.

The effort is part of a nationwide campaign that began in 1986 to restore and beautify public lands.

For more information, contact Park Ranger Jim Bell at (913) 783-4366.
