Corps gives media, elected officials up-close look at missile site cleanup Tues.

KANSAS CITY, Mo. – Members of the news media and elected stakeholders will receive an up-close look Tuesday at the cleanup of source areas of groundwater contamination at the former Forbes Atlas Missile Site near Wamego, Kan.

The Corps will provide an overview of the cleanup at 10:30 a.m. Tuesday at the missile site complex north of Wamego and will take attendees on a site walk to see environmental specialists removing contamination from the site's drainage system.

During the visit, the Corps will also provide details on the award of a \$700,000 contract that will bring a permanent clean water source to the impacted area.

For more information or directions to the site, contact Mitch Frazier, the Corps public affairs officer, at (816) 983-3496 or (816) 803-5935.
