## **Nebraska Ordnance Plant RAB to meet**

KANSAS CITY, Mo. – The next Restoration Advisory Board meeting for the Former Nebraska Ordnance Plant is scheduled for, from 7 - 9 p.m. Dec. 1, at the Mead Community Center. On the RAB agenda is a Corps presentation on recent groundwater sampling results and a discussion on long term site-wide plan of action. Presentations will be followed by a question and answer period.

The Corps project team is also hosting an open house just before the RAB, from 4 - 7 p.m. at the community center. To assist community members in obtaining site information or data, Army personnel will have copies of site records, maps, the test results database and a copier on site.
