Date: March 9, 2007

## **Vapor Intrusion information to be presented March 13**

**SALINA, Kan.** – Vapor Intrusion will be the topic of discussion at a public availability session from 4 p.m. to 7 p.m. March 13 in the College Center Lobby of the Kansas State University, Salina, Kan.

Sponsored jointly by the U.S. Army Corps of Engineers and the Kansas Department of Health and Environment, the event will offer an opportunity for the public to learn about vapor intrusion, which the Environmental Protection Agency defines as the "migration of volatile chemicals from the subsurface into overlying buildings."

For more information please contact the U.S. Army Corps of Engineers, Kansas City District, Public Affairs Office at (816) 389-3486.
