

Pomona Lake

Hunting Areas

**US Army Corps
of Engineers**
Kansas City District

Rules to Observe

Kansas and Federal hunting regulations are enforced.

Some areas are leased; be considerate of farmers' crops and livestock.

All vehicles must stay on existing roads.

Boundaries on map are approximate; for actual lines, contact the Project Office.

Camping and fires in non-park areas are not permitted.

Duck blinds may be constructed subject to restrictions. Copies of the Duck Blind Policy are available at the Project Office.

Hunting is not allowed within 200 yards of the boat ramps.

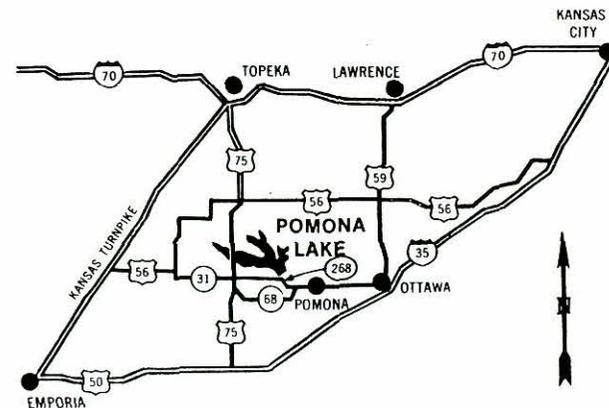

**U.S.
RESERVATION
BOUNDARY
MARK
DO NOT
DISTURB**

Denotes Pomona Lake property boundary. If you are facing this sign, Corps land is behind the sign. Signs are usually located 50 to 200 yards apart. Please be sure of property ownership. If privately owned, you must have the owner's permission.

Wildlife Management

Approximately 4,500 acres of public land at Pomona Lake is managed for wildlife. Most of the actual management work is accomplished by leasing agricultural lands. Special conditions are included in the lease agreements to benefit wildlife. The main thrust of wildlife management programs has been directed toward improving upland game habitat.

Bobwhite quail, rabbit, squirrel, white-tail deer, and migratory waterfowl are plentiful at Pomona Lake. Numerous species of non-game birds are also abundant.

**Location of
Pomona Lake**

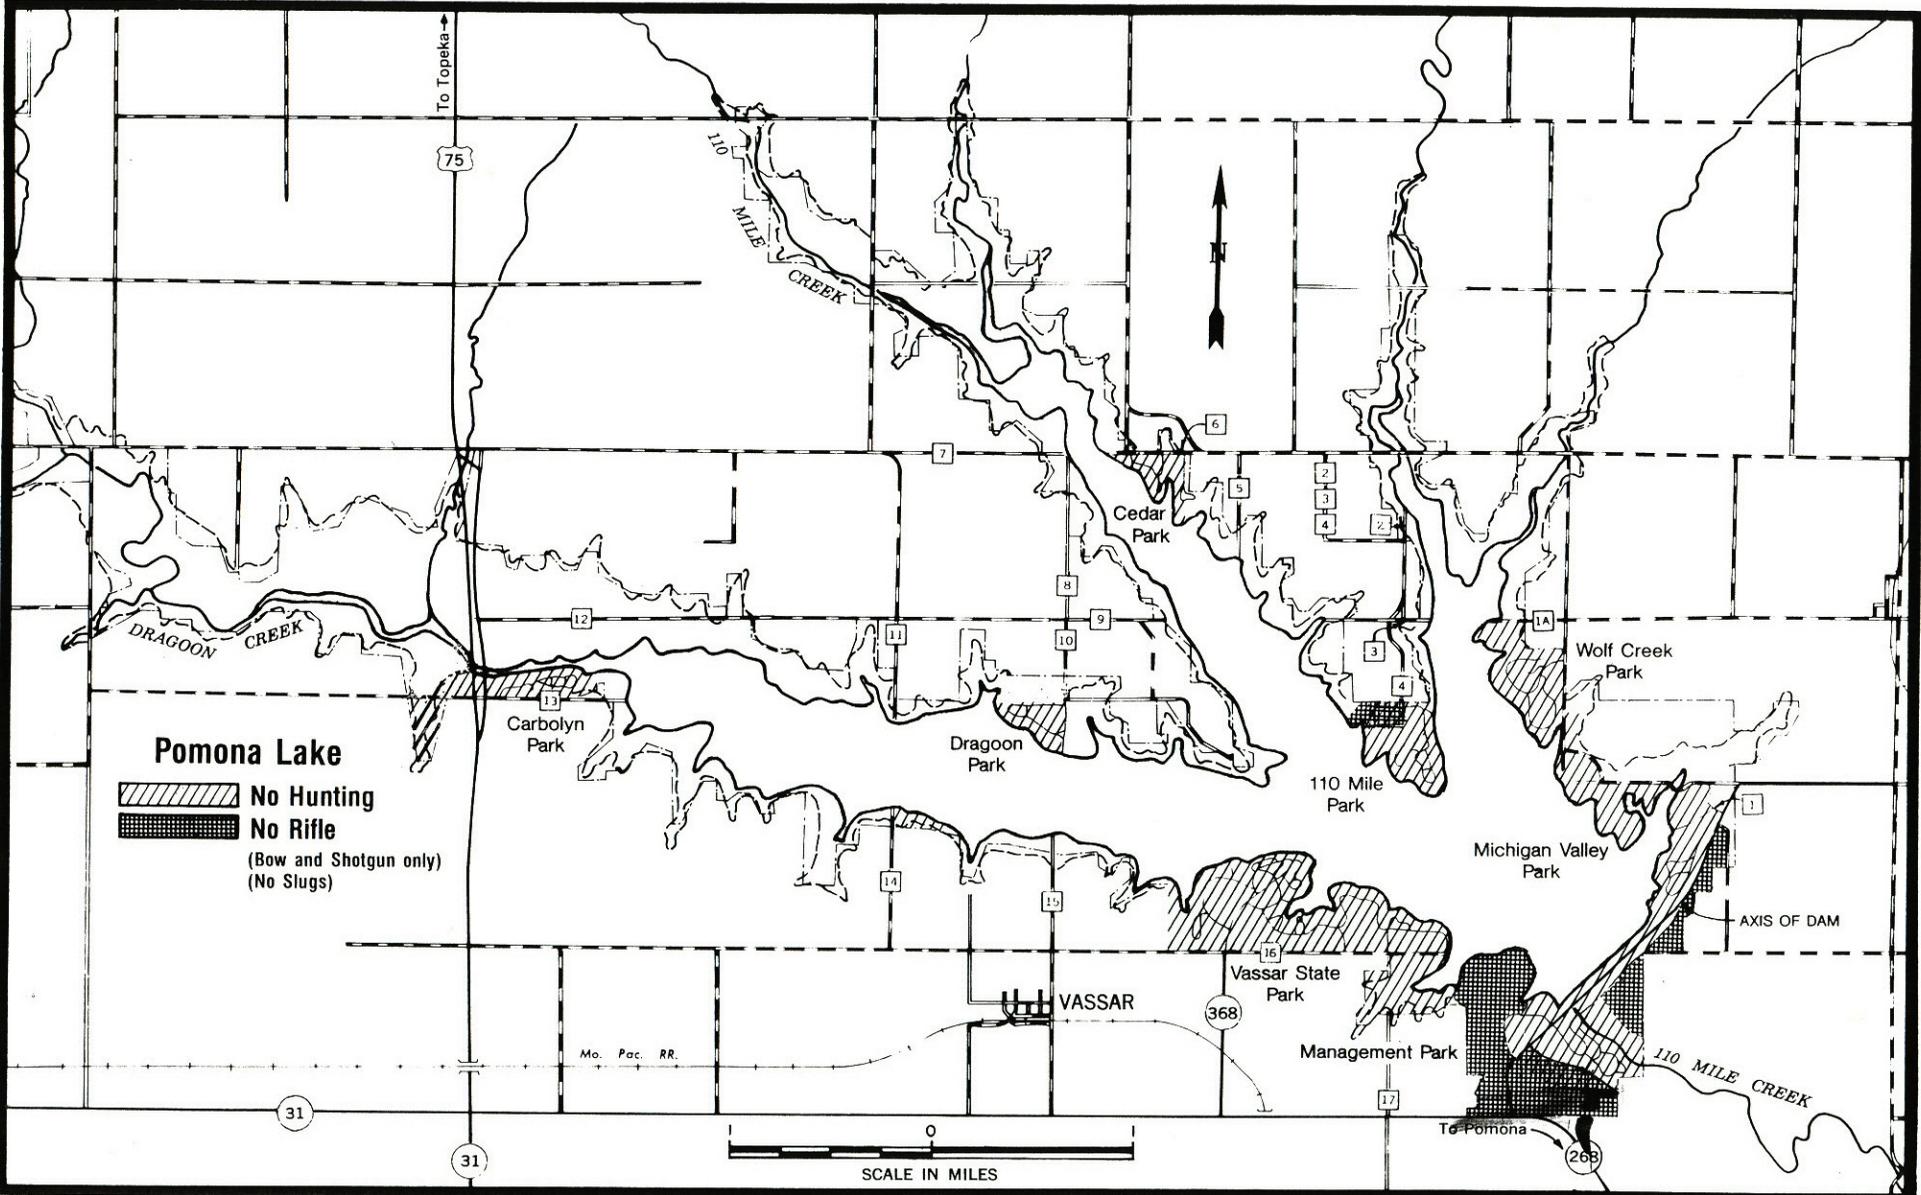

Projected Lake Levels

Projected lake levels can vary, depending on weather conditions.

| | |
|-------------------|--------------|
| Multipurpose Pool | 974 m.s.l. |
| Flood Pool | 1,003 m.s.l. |

For current lake levels or other information, contact personnel at the information center at the south end of the dam. The office is open 8:00 a.m. to 4:30 p.m. Monday through Friday in the winter and seven days a week in the summer.
