DISCLAIMER
Access Constraints: The United States Government furnishes this geospatial data "as is" and makes no warranties regarding its performance, its merchantability, or its fitness for any particular purpose. It is understanding that the US Government makes no warranties, expressed or implied, concerning the quality, content, merchantability, or fitness for any particular purpose of the data. In no event shall the US Government be liable for any damages, including lost profits, lost savings or other incidental or consequential damages arising out of the use or inability to use data or information contained on this map, even if the US Government has been advised of the possibility of such damages. The US Government shall not be liable under no liability whatsoever to any person by reason of any use made thereof. The US Government does not warrant that the data will conform to any graphic or written presentation thereof. This disclaimer attaches to all data whether sold or received by the US Government and whether used directly or indirectly in connection with any other product or service. By receiving this data, the recipient fully agrees not to make any claim against the US Government and shall not contest the validity of this disclaimer in connection with its use. In the event that any portion of this disclaimer is held to be void and unenforceable, it shall be severed from the agreement and the balance of the disclaimer, terms and conditions shall apply with full force and effect and bind the parties to the same as if the void provision had never been a part hereof. Waiver of any terms or conditions hereof shall not constitute a waiver of any other terms or conditions. Distribution Liability: The data may reside in real-time distributed computing. As such, it is only valid for its intended use in context, time and application. Modification of the data by any party invalidates the data for any other than its intended purpose. Use of the data for other than its intended purpose is at the sole risk of the party using the data. The US Government will not be liable for any damages resulting from the misuse of the data for other than its intended purpose.
