INTRODUCTION

U.S. Army Corps of Engineers (USACE) – Adrian Goettemoeller, Project Manager

- The U.S Army Corps of Engineers, acting on behalf of the Department of Defense, is responsible for investigating and evaluating contamination at the Former Tyson Valley Powder Farm and implementing appropriate cleanup actions if needed.

Missouri Department of Natural Resources (MoDNR) – Andrew Klauba, Environmental Program Analyst

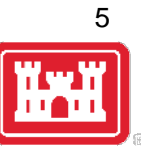

- responsible for technical review of documents and assuring that all work is conducted in accordance with State regulations.

U.S. Environmental Protection Agency (EPA) – Jamie Bernard-Drakey, Remedial Project Manager

- EPA reviews documents and assures actions comply with the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 and Federal environmental regulations.

INVESTIGATION OF SELECTED AREAS OF CONCERN AND AREAS OF INTEREST

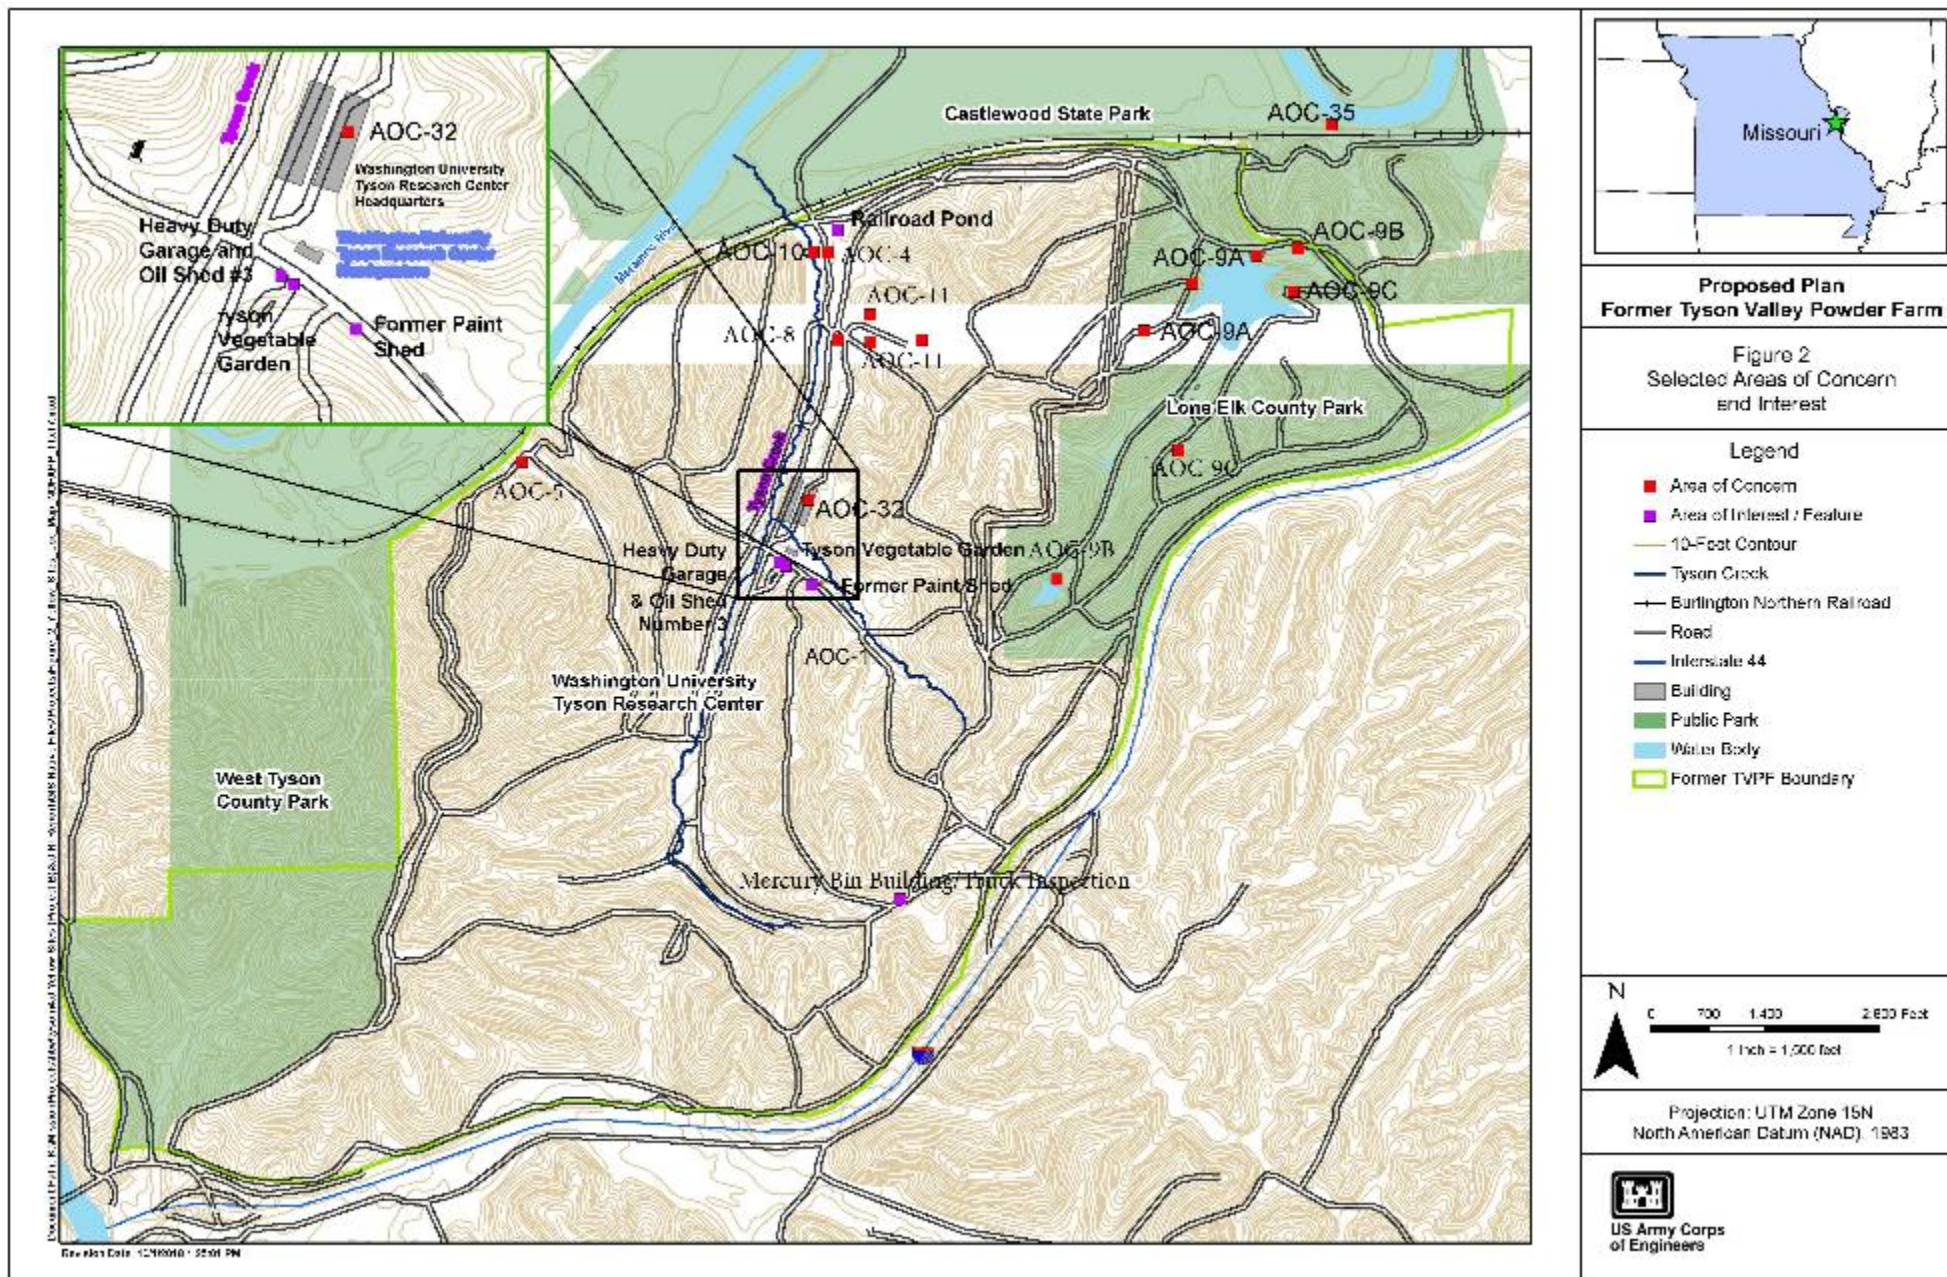

10 Areas of Concern (AOCs)

AOC 4	Metal Shavings Area
AOC 5	Railroad Spur Open Cut Dump Site
AOC 8	Railroad Spur Scrap Brass Burial Site
AOC 9A	Firing Points and Bullet Drops
AOC 9B	Firing Points and Bullet Drops
AOC 9C	Firing Points and Bullet Drops
AOC 10	Scrap Metal Open Dump Site
AOC 11	Three Chemical Warehouses
AOC 32	Two Chemical Warehouses
AOC 35	South Castlewood State Park near Meramec River

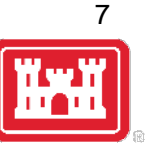

6 Areas of Interest (AOIs)

AOI	Heavy Duty Garage
AOI	Former Oil Storage Sheds (Oil Shed #3)
AOI	Former Paint Shed
AOI	Former Mercury Bin/Truck Inspection Site
AOI	Railroad Pond
AOI	Pesticide Residues at Igloos

INVESTIGATION AND EVALUATION

Environmental Samples Collected and Analyzed For Potential Department Of Defense Contaminants By USACE And EPA

Numerous investigations were conducted including collecting samples from various media

- Soil
- Sediment
- Groundwater
- Surface Water

Human Health and Ecological Risk Assessment

- Analytical results of detected chemicals were compared to risk-based screening levels and evaluated
- Risk evaluations followed appropriate State and Federal guidance
- Results indicated no significant threat to human health or the environment

PROPOSED PLAN FOR SELECTED AOCs AND AOIs

The Proposed Plan, based on the risk evaluation for each AOC and AOI, recommends that NO ACTION is necessary in order to protect human health and environment.

The public is encouraged to participate in the decision-making process by providing comments on the Proposed Plan.

The final remedy for each AOC and AOI will be selected after review and consideration of public comments.

A Proposed Plan Fact Sheet is available at <https://www.nwk.usace.army.mil/Media/Public-Notices/> and at the Eureka Hills Public Library.

PUBLIC COMMENT PERIOD AND PUBLIC MEETING

Public comment period: March 5, 2021 to April 5, 2021

Virtual Public Meeting: March 16, 2021. The public has the opportunity to submit verbal or written questions and comments.

- Verbal comments will be recorded during this meeting and will become part of the Administrative Record.
- Written comments may be submitted during the Public Comment Period.
- All written comments must be postmarked by April 5, 2021.

THE DECISION DOCUMENT AND RESPONSIVENESS SUMMARY

Questions and comments received during the public comment period will be documented in the Administrative Record, located at the Eureka Hills Public Library, Eureka, Missouri.

Public comments will be reviewed by the USACE, incorporated into the Responsiveness Summary section of the Decision Document, and considered in the selection of the final remedy published in the Decision Document.

THE ADMINISTRATIVE RECORD PROJECT DOCUMENTS

The Proposed Plan and other Former Tyson Valley Powder Farm documents included in the Administrative Record are available at the following location:

Eureka Hills Public Library

156 Eureka Town Center

Eureka, Missouri 63025-1108

Phone: 314-994-3300
